Download

Add some new campaign options and address those issues and I'd happily pay for it.

1. [panzer general](#)
2. [panzer general windows 10](#)
3. [panzer general allied assault](#)

Close to great Some stability issues and save function doesn't work Would be five stars otherwise.. Otherwise it's right on target, very welcome and is wonderfully replayable-a highly faithful, and in some respects potentially improved, reboot of the much beloved original.
